Today, we are living in an era where the distortion of truth and facts are becoming "Real News", because they are endorsed and backed by the MSM (mainstream media). At the same time, authorities and social media network leadership are considering the alternative and independent media are behind the "Fake News", so they need legislation and censorship.

Are we living in an upside-down era with reversal roles. All we need is a chain of facts and

events to connect the dots and to debunk what's puzzling us.  
To be honest I'm tired of the Zionist Bull Shit (ZBS).

This is unrelated and new information to me after 15 years of finding out the truth as compared to the construct we have lived in for 200 years.

If the Italians had known this would they have been so welcoming to massive influx from North Africa. They have been trained as has the rest of Europe to carry unwarranted guilt, believing lies as truth, that is the Crux of the matter every time and gets innocent people killed every time.

I am grossed out by anti-Putin articles.

I am not defending Putin but I am not denying anything. And about the conflict in Ukraine, do you want to know the situation in Ukraine? Well the answer is simple, it was a conflict started by Zionist Jews from the EU and America.

Take note that a Ukrainian posted this. At least Russia is not provoking white conflicts. The Jews invaded and struck in 2014 in Ukraine and now they are playing "pit the Slavs against each other, the Ukrainians are fodder for the Jews, let them starve to death"

It is a Jewish war. American and European Jews despise Putin. Which means that he is doing something right. Regardless of how many non-Russian, Asian and Caucasian Muslims of color or Jews are in parliament.

Ideally, Russia, Belarus and Ukraine should be united and be together forever. For the preservation of the Russian Slavic Orthodox culture and a countermeasure to Jewish globalism. It won't happen anytime soon.

Hold on there Eastern Europe, Russia will save you soon.

Alexander Litvenenko was confirmed to be working for MI5 under contract to peddle disinformation. Not only this, he left Russia with and was employed by Boris Berezovsky and Alexander Goldfarb. He had the DEFECT from the FSB because of Berezovsky's defection, meaning he was a PAID ASSET of the JEWISH MAFIA working with the Russia state. He was always working under and with Berezovsky. Any information he gives out are useless. You are all here to expose the Jew right, well, how does quoting Litvenenko even work? The guy defected to the UK when his Jew boss got called up the carpet for embezzling state funds and continued to work for him, and British intelligence in what his wife and father admit was a disinfo operation.
